

Saiber LLC Seeks to Expand its Business Services Practice

November 12, 2017

Saiber LLC is seeking small groups of corporate and transactional attorneys who are interested in joining our Business Services Practice. Our recent additions of attorneys Philip Markowitz and Jordan Solomon in 2017 has helped us to build on the addition of the Marcus, Brody, Ford & Kessler boutique business firm in 2014. We are now looking to add to this growth.

This is an exceptional opportunity for select practitioners who understand the appeal of the Saiber platform—stable, successful, insightfully entrepreneurial. We welcome attorneys with portable business who will appreciate our flexible business model and bring their business and legal acumen and positive energy to our enterprise.

If interested, please contact Executive Director Michael F. Harrison at 973-232-0623; mharrison@saiber.com.
